

# DOCUMENTS REQUIRED FOR PRINTING / PREPRESS SPECIFICATIONS

## 1 / Documents for scanning:

*(technical costs related to scanning will be invoiced)*

- all size etkas/transparencies.
- printed documents (potential risk of screening).
- reflective or printed documents for logos.

## 2 / Accepted digital documents:

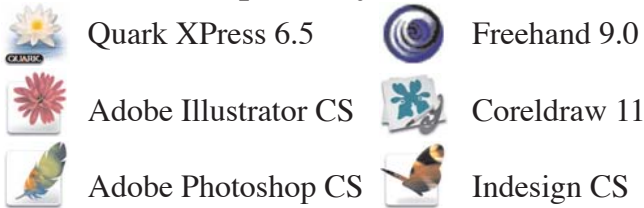

*(depending on software and inputs)*

- CMYK (four-colour process printing) & special colour converted images.
- all layout solutions.
- all logos.

## 3 / Accepted inputs/media:

- CD
- DVD
- 100 Mo and 250 Mo zip.
- 1.5 Mo and 120 Mo disks.

## 4 / Software compatibility:

## 5 / Compressed files:

.zip    .sea    .sitx    .sit    .bin

## 7 / Final comments:

- Send all elements individually (layout + logos + images: all links) rather than one collective file to enable us to work directly on each link individually.

## 8 / Please remember:

- to transfer all documents simultaneously.
- all logos and font references used in the layouts.
- all CMYK, transparencies and printed documents.
- to note all colour layouts and Pantone colours.
- a proof for the layout.
- to enclose all imported elements/links used in layouts.

## 9 / Sending documents:

- FTP : adresse IP : 195.101.250.209  
user login: pao; password: pao
- or by mail to: Prismaflex International.

## 6 / Software requirements:

- Ⓐ  XPress     Indesign     Illustrator
- Files must be proportional in size to final version.
  - Font references must be supplied.

Ⓑ  Photoshop:

- For optimum results, the layout sent should be 1/10th of final output using 300dpi high resolution during transfer

Format	Maximum quality	Average quality	Poor quality	Unusable
12m <sup>2</sup>	60Mo	30Mo	15Mo	< 10Mo
15m <sup>2</sup>	75Mo	40Mo	20Mo	< 15Mo
35m <sup>2</sup>	175Mo	100Mo	50Mo	< 30Mo
>150m <sup>2</sup>	300Mo	200Mo	150Mo	< 100Mo

- All images must be supplied in EPS format.
- Provide CMYK images.
- Avoid logos when using Photoshop.

Ⓒ  Coreldraw     Freehand:

- Record files with an .eps extension.
